

Level 7

Diploma in Business Management

Study for a professional diploma online

..... and then get a job, a promotion or enhanced entry to an MBA or Master's degree, with an internationally recognised British qualification!

The Level 7 Diploma in Business Management is a postgraduate level qualification which will really help you in your career. It is awarded by the UK's Learning Resource Network (LRN) and consists of five units:

- Business Strategy, Planning and Management
- Leadership, Change and People Management
- Corporate Strategy, Governance and Ethics
- Financial Resources and Performance Management
- Research Methodology and its Application to Marketing

How do I study and how long will it take?

Studying online is extremely flexible, as you can study at the time and place that best suits you, without the cost and hassle of getting to classes. Everything you need is provided online in the Teaching Zone on our website, so you won't ever miss anything, and you can repeat sections until you fully understand them. You also have a personal online tutor, who is a subject expert who will support you in your studies, and who you can contact if you have any questions. You can start at any time as the qualification is online so you are not restricted by term times and can take as long as you want to. All you need is Internet access through a phone, tablet, laptop or PC!

Each of the five units should take you 180 guided learning hours, which is the time you are likely to spend studying including all your time spent listening to the lectures, reading the online texts, undertaking the exercises, discussions with other students and completing the self-assessment assignments. The units are each assessed by a 3,500 word assignment.

180 hours is roughly 30 minutes per day or four hours per week or 15 hours per month over twelve months, or one hour per day or eight hours per week or 30 hours per month over six months.

Diploma in Business Management

Entry requirements

You must have one of the following:

- a first degree in business, management or related subjects or a level 6 qualification for example a Diploma in Management
- other equivalent international qualifications
- extensive relevant work experience (paid and/or unpaid) with levels of responsibility, participation and/or achievement of a range of relevant professional qualifications

Why iQualify UK?

Six great reasons:

- high quality online courses from a trusted London based educational institution offering UK Government approved accredited qualifications
- a supportive teaching environment run by a team of extremely experienced British educational professionals and academics
- everything you need is online, and live classes allow you to interact with your tutors and fellow students
- great value for money, with flexible payment options and discounts when paying in full
- no hidden extras, as all costs are included as part of enrolment – and valuable additional content provided for free
- you can try online learning before you buy with our free trial option

University progression

Universities throughout the world will accept the Level 7 Diploma qualification for entry, and for enhanced entry, onto their MBA or Master's degrees, on the basis that you have already covered part or all of the subject through your Diploma studies. Thus you can save both time and money if you want to go on to university.
